Results from past campaigns indicate:

- 96% of vet and shelter participants find Aha programs helpful for new adopters
- 87% of vet and shelter participants find Aha programs helpful to their staff

“ We’ve been giving these out to all our cat and kitten adopters, keeping them out on the adoption counter, and using them ourselves. They look great! ”

“ These are very valuable to us! The booklet was very well done and provides a lot of information that is helpful, especially for first time adopters. Very well done, and please send more whenever you want to! ”

Samples, offers and new pet parents kits are delivered by animal rescue staff, veterinarians, boarders and groomers. Campaigns may include on-premise sample distribution, point-of-care media and grass root social media/digital activations.
